

PURCHASE SUGGESTIONS UPDATE

Central Coast Council Library Service has placed a temporary hold on purchasing new book titles while Council undertakes a review of its finances. We will not be taking submissions for new content at this time.

This is an action under Council's 100 Day Action Plan towards financial recovery. This is not a decision Council has made lightly and we apologise for any disappointment and inconvenience.

We appreciate your patience and understanding, particularly toward our library staff, during this time. We hope to have this service back up and running again soon for our members.
